

Government File Tracking

Standard Operating Procedure

Reference	SOP-002
Title	Government File Tracking
Version	v1
Owner	Contract Lead / PM
Applies To	All projects
Review	Annually

Purpose

Ensure every contract file is tracked as it moves through government offices, so bottlenecks are visible and not lost.

Scope

All contract files across Procurement, Audit, User Department, Engineering, Accounts, STO, CIA and Governor.

Steps

1. Log file on award. 2. Record each office and entry date. 3. Update on every movement. 4. Monitor days-in-stage against SLA. 5. Escalate when overdue.

Roles

Contract Lead owns escalation; PMs update their project files; Accounts updates financial stages.

Records

File Journeys in the Approval Workflow module; SLA breaches flag in the Contract Portal.
